How you can support your local hospital...

No stamp required but if you use one it cuts our costs

These are just a few examples of how local people have helped the Stars Appeal

Colin and Linda Sellwood organised a fishing match in memory of their late son Christopher and raised £600 for the Pembroke Unit.

A generous gift left by Mrs Heelas in her Will helped to fund the new Cardiac Suite.

Jon Sellers raised £450 running the Bath Half Marathon after his son Ethan and daughter Blythe were both born prematurely and spent weeks in the Neonatal Intensive Care Unit.

Having had treatment for breast cancer, Sue Devereux raised over £1,400 for the Breast Care Department by completing a sponsored walk with her children.

You can help too. Please complete and return the attached form.

Thank you.

The Stars Appeal

Making a difference for patients at Salisbury District Hospital

Thanks to the support of people like you the Stars Appeal has already helped to fund a range of extra care and equipment benefiting thousands of local people...

- The new Cardiac Suite which has significantly reduced the need for local cardiac patients to travel further afield for treatment.
- Equipment and facilities worth £1million, greatly enhancing the hospital's new Children's Ward and Outpatient Unit.
- A highly advanced keyhole cancer surgery suite.
- State-of-the-art treatment and diagnostic equipment to help premature babies.
- Advanced equipment and specialist therapy and counselling for patients with cancer and blood disorders in the hospital's Pembroke Unit.
- The Bereavement Suite where relatives can be offered the time and support that they need.
- A dedicated children's waiting and treatment area in the Accident and Emergency Department.

The Stars Appeal

Making a difference for patients at Salisbury District Hospital

President: The Earl of Pembroke

What is the Stars Appeal?

The Stars Appeal is Salisbury District Hospital's charity. We raise money to create the best possible experience for patients and their families by funding extra care and equipment over and above that provided by the NHS.

300,000 local people rely on Salisbury District Hospital every year. We work hard to raise money to help these people across all wards and departments, with particular focus on cancer, cardiac care and children.

Thanks to the generous support of the local community, the Stars Appeal has already funded many projects, large and small, throughout the hospital.

[We need your help to continue to make a difference - please support us today!](#)

"I feel privileged to head up the Stars Appeal, and to be at the heart of something which touches so many lives. It is with your continued support that we are able to make a difference to many thousands of local people, and for this I thank you."

How the Stars Appeal is helping...

Cancer patients

We help local people with cancer and blood disorders. The Stars Appeal funded the highly advanced Keyhole Cancer Surgery Suite, and supports cancer services across the hospital. These include the Pembroke Unit and breast care service where we fund additional specialist equipment, therapy, counselling and advice.

“The Stars Appeal enables us to provide better, more effective care for our patients and to focus on treating the individual, not just the disease. Huge thanks to everyone for their support - it helps us improve care and save lives!”

Dr Tamara Everington,
Lead Clinician for Cancer and Haematology

How the Stars Appeal is helping...

Cardiac patients

We think cardiac patients should get the best care locally, which is why the Stars Appeal has helped fund the new Cardiac Suite. This has significantly reduced the need for local patients to travel further afield for treatment.

We also support patients throughout all aspects of the cardiac service, from cardiac investigation to specialist rehabilitation. Please help us continue this vital work.

“When I found out I had heart disease I was frightened. The thought of having my treatment in an unfamiliar hospital far away only made matters worse. But thanks to the cardiac facilities funded by the Stars Appeal, I could have everything carried out on my doorstep. This, along with the excellent care I received, made a big difference.”

Children & babies

We believe local children deserve the best treatment. Our Caring 4 Kids campaign has already raised over £1million to help fund the new state-of-the-art Children’s Unit and a dedicated children’s area in A&E.

We need your help to continue to make life better for local babies, children and families in our hospital.

Lauren (pictured above left) visits the hospital regularly for therapy to help her overcome her disabilities.

“The new Children’s Unit means Lauren’s time in hospital is more enjoyable and her treatment more effective. It makes a real difference knowing that she is being cared for in the best possible environment.”

Ann Morgan, Lauren’s mum

Patients in all wards & departments

Every patient is important to the Stars Appeal. That’s why we raise money to help all wards and departments in the hospital. You can direct your support specifically towards any ward, department or fund and we will ensure that your wishes are respected and that your donation is used to help patients in that area.

These donations help fund extra care, facilities and equipment. For example, we’ve provided enhanced monitoring equipment for the Farley Stroke Unit and equipped a rehabilitation gym for burns patients. We’ve also helped fund the new Bereavement Suite along with many other projects across the hospital. Your support can help us do even more - thank you.
