

Breast Care Fund

Helping local breast cancer patients

The Stars Appeal Breast Care Fund improves the lives of local people undergoing treatment for breast cancer at Salisbury District Hospital.

Breast cancer is the most common cancer in the UK. Nearly 46,000 women and around 300 men are diagnosed every year and this is increasing. At Salisbury District Hospital around 200 local women are diagnosed each year - that's about 4 women per week.

Donations to the Breast Care Fund help local people affected by breast cancer to get the best treatment, information and support from Salisbury District Hospital; the latest information ensures patients are well informed about every aspect of their breast cancer journey; regular training courses allow nursing staff to offer the best possible support and care; and state-of-the art equipment helps provide the most up-to-date patient treatment.

Please support us!

Help us to continually improve treatment and care for local breast cancer patients by supporting our Breast Care Fund - make a donation, take part in our fundraising activities, or organise your own.

Please see the reverse side of this flyer to make a donation, request more information on how you can help us or order a fundraising pack. You may also speak to one of the Breast Care Team, or contact us via phone or email:

Thank you for your support.

The Breast Care Fund is part of the Stars Appeal, Salisbury District Hospital's charity. The Stars Appeal raise money to create the best possible experience for local patients and their families by funding extra care and equipment over and above that provided by the NHS.
